Introducing two new
idyllic venues to hold
your wedding...

Redbank

Redbank is a beautiful riverside location available for hire in the heart of rural Herefordshire. It is a private tranquil, location on the banks of the historic River Wye, peacefully surrounded by arable farmland and located in an area of outstanding natural beauty with up to 14 acres of level grassland and a large enclosed agricultural barn for up to 200 guests.

With its a wooden clad frontage, the barn has an 'American Ranch' style feel about it. The beauty of the barn is that you can create your own dream and vision with our help.

If you are looking for something a little different the venue is also perfect for a weekend wedding or event as there is the opportunity to hire fully furnished bell tents for guest overnight camping and we promote the idea of coming back on the Sunday (if you haven't

camped over) and enjoying another day with family and friends.

There are also 2 jetties where you can canoe down the river from one to the other, jump out at the beautiful beaches, bbq and reminisce about the day before.

With easy main road access and being just 3 miles from Hereford this is a stunning and convenient location.

House Meadow

With House Meadow comes part use of the beautiful original Farmhouse for you and your guests to utilise, manicured gardens for you to enjoy your reception drinks and canapés and a beautiful bridal room for pre wedding preparations. Overnight accommodation is also on offer.

Your wedding or event would be held in Scandinavian tipis which are erected in the House Meadow directly next to the farmhouse with plenty of space for you and your guests to enjoy.

The Scandinavian tipis are the perfect setting for a beautiful wedding and whether it be rustic festival style or traditional, House Meadow is a great site and a stunning venue for a perfect tipi wedding.

On warm days and evenings you can open the sides to bring in the summer. The tipis offer you flexibility both in space and decoration and can be linked together to create a bigger space, number dependent. They can even house a dancefloor and a stage if you so wish.

The tipis have a rustic charm and are decorative in themselves so require very little in the way of accessories. We can help you create the wedding of your dreams and have a wide range of items to customise the space with; oak barrels, milk churns, outdoor kadaifirebowls, electric wheels used as tables, tikitorches and much more. Twinkling lights on the wooden poles create an alluring atmosphere.

We can supply the benches and long tables and can add furs on the benches and snug blankets can keep you warm in the small hours.
